

### Emergency Food Pantry

Emergency food orders are available in Summit County for older adults and individuals with disabilities who are having food emergencies.

Our food pantry is one of a very few that deliver food to those who are homebound and in need.

Contact us to arrange for an emergency food order to be delivered to your home.

# Mature Services, Inc. Nutrition Program

*Dedicated to ending elder hunger  
in Summit County*

In 2009/2010 the Nutrition Program distributed over 48,733 nutritious meals to older adults and adults with disabilities. 1,100 emergency food orders were distributed. The program also provided 28,185 home-delivered meals. Meals are provided regardless of the recipient's ability to pay.

If you or your loved one do not qualify for free home delivered meals, our meals are also available for a modest fee. Please call for more information.

We select our ingredients from local grocery stores just as you would. Our meals are prepared daily, assuring our clients receive only the freshest food possible. Menus and recipes are approved by the Area Agency on Aging.

Our kitchen staff dishes up delicious, wholesome food into trays with separate compartments and sealed to retain freshness. Meals are provided either hot or frozen, depending on your preference. They can be easily reheated in a conventional oven or microwave.

For your convenience, meals are delivered to your home or congregate meals are delivered to select senior facilities.

We provide clients with the opportunity to make choices in their meals plans. Do you have dietary restrictions? We offer both Therapeutic and Special meals according to your needs.

Whether you are new to the idea of home-delivered meals or wish to change from your current meal provider, call your case manager at the Area Agency on Aging today: 330-896-9172.

Please phone us for more information. A free sample hot or frozen meal is also available for the asking.
